- B Vitamin deficiency
- Ulcers or gastric disorders
- NSAID's use
- Menstruation/pregnancy

Iron Supports:

- Blood Quality
- Immune Function
- Physical Stamina
- Cardiac Function
- Lung Function

Cohorts:

- Vitamins required for absorption: Folate, B12, C

Form Factors:

- Powder, tablets, effervescent, bars, capsules, gummies

Markets:

- Women's Health
- Maternal Health
- Cancer Patients
- Infant Health
- Vegans & Vegetarians
- Alcoholic Recovery
- Athletes
- Gut Disorder/Malabsorption Sufferers

All Natural Plant-Based Biotin

A natural *Sesbania grandiflora* extract encapsulated for optimum delivery of 7420 mcg of biotin in every gram of product.

SesZenBio™

Biotin or B7 is important in the body's ability to convert food into energy. Although an essential part of human cells, the body does not produce it on its own and requires it from food or supplementation.

Sesbania grandiflora or 'Hummingbird Tree' has been studied broadly. It's ample content of sterol's, saponins & tannins show great promise in the nutraceutical arena. Research in areas of thrombosis, diarrhea, inflammatory diseases as well as its anti-bacterial/microbial properties are well documented.

Biotin is

- a key regulator of gene expression
- very important during pregnancy for gestational development
- helpful strengthening hair & nails of people with biotin deficiency

Works in: Powder, tablets, effervescent, bars, capsules, gummies.

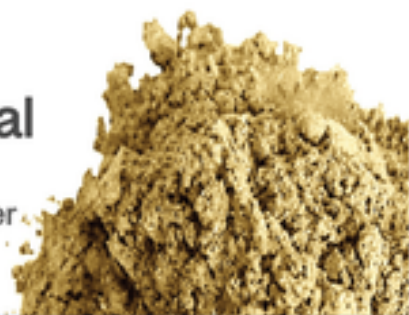

Important Markets

- Vegans & Vegetarians
- Maternal Health
- Beauty/Hair/Skin/Nails
- Weight Loss
- Natural Cleansing

drink formulations

Plant-Based Collagen Booster

A proprietary blend of Super Foods:
Amla, Green Coffee & Green Tea extracts.

CollaBZen™

Zenherb

A collagen booster is used to enhance the natural production of collagen which is necessary for a strong, healthy body, as it accounts for almost 1/3 of a bodies total protein.

Collagen Supports:

- production of skin
- muscle growth
- bone health
- connective tissue
- blood coagulation
- digestive tract lining

From teeth to knee replacements, growing strong hair or nails, or the repair of aging or damaged skin tissue (think burn victims) collagen keeps a body repairing, replenishing and active!

Polyphenols:

Amla is a strong **antioxidant** providing natural Vitamin C. It has shown beneficial where there are glucose or inflammation issues.

Green Coffee contains **Chlorogenic acid** which has a range of helpful benefits effecting blood pressure, inflammation, mood & cholesterol.

Green Tea has high **catechin** levels which are the premier fighters of oxidative stress. Internally they effect triglycerides, brain cells/function, liver & blood sugars, while topically they effect skin/dermal disorders.

Important Markets

- Women's Nutrition: pregnant & nursing moms
- Sports Nutrition: for repair & replenishment
- Wellness Nutrition: Auto-immune disorders damage collagen
- Senior Health: supporting bones, tissue, and flexibility
- Vegan/Vegetarian Health: supplementing diet
- Cosmeceuticals: for hair, skin & nails

All Natural Plant-Based Zinc

Created through a green & vegan solvent extraction.
Delivers 56.4 mg of zinc in every gram of powder.

GZenZinc™

Zenherb

This proprietary guava leaf extract is standardized for polyphenols (gallic acid equivalents) and delivers guava phenolics.

Gallic Acid Polyphenols Show Potential Benefits in:

- Topical Ointments
- Wellness Boost
- Anti-Stress Formulations
- Diets for Diabetics
- Cold Recovery
- Immune System Recovery

Also found as an antagonist to the growth of food borne pathogens like Campylobacter, E coli, Listeria, Staph & Strep.

Form Factors:

- Powder, tablets, effervescent, bars, capsules, gummies

Markets

- Gastric Wellness Supplements
- Cold & Flu Season
- Infant Skin Care
- Tranquility
- Teen Cosmeceuticals
- Seniors Optical Nutraceuticals
- First Aid Creams

From infants to seniors, Zinc is essential to human health.
